October 2015

“Praise God from whom all blessings flow!” I can think of no better words to start this letter off with than these famous words penned by Thomas Ken. The Lord is surely good to us. Thank you for your continual prayer on our behalf. The last month has seen us quite busy and yet we still have had opportunities to be involved in ministry at our home church in between our meetings.

I have mentioned Richard from the philosophy club in Madison in a previous prayer letter. The last time I was able to attend the meeting I was able to present the Gospel to Richard for about forty-five minutes. This month I was able to attend another meeting. The topic for the night was “Are we currently living in Armageddon?” Although there were supposed to be about six people in attendance, the Lord orchestrated it so that it was only Richard, myself and another man from our church. We were able to immediately get into the Bible as we discussed even the origin of the word Armageddon. Richard listened as we read several different passages of Scripture to him including most of 2 Peter 3. The amazing thing was how most of the conversation around us died down as we read the Word of God in a little coffee shop in Madison. Please continue to pray for Richard. He is still not saved. When we began to press him about what he was going to do with Christ he got very uncomfortable and said it was time to wrap up the meeting. I was able to give him another Gospel tract as well as send him a link to a video that presents the Gospel.

Along with the opportunities to minister at our home church, we have also had the privilege of

Helping assemble “ABC’s of Christian Growth” in Burmese at a church in Texas

ministering in and to churches as we travel. One of our most recent meetings gave us the opportunity to provide pulpit supply due to the pastor ending up in the hospital just a few days before we were scheduled to be there. Another church provided the opportunity to help assemble some Christian

growth materials in the Burmese language.

Last but not least—our support level has now reached the 75% mark! **Thank you** to all of those who faithfully support us. We are excited about what the **Lord** has done (*Psalm 118:23*)!

In Christ,
Jeff and Grace Shergalis
